TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Danville, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Danville on Tuesday, the thirteenth day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To hear the report of the budget committee and act thereon.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

4. To see what sum of money the town will vote to raise and appropriate to repair the several highways and bridges.

5. To see if the town will vote to raise and appropriate a sum of money necessary to obtain State aid on town road maintenance.

6. To see what sum of money the town will vote to raise and appropriate for snow paths.

7. To see what sum of money the town will vote to raise and appropriate for the Public Library.

8. To see if the town will vote to raise and appropriate a sum of money to be used in improving the cemeteries.

9. To see if the town will vote to raise and appropriate a sum of money for the observance of Memorial Day.

10. On petition of Bernard E. Rumery and nine others: To see if the town will vote to raise and appropriate the sum of \$500 to resurface and oil a section of the Rumery Road, so called, in Danville, beginning at the State road.

11. To see if the town will vote to raise and appropriate the sum of \$10 to be used to purchase additional name plates for the Honor Roll for those who may be called into the service.

12. To see if the town will vote to allow the Fire Department to move the Red School House in Middle District to another location on town property, and use the same for a fire house by making necessary alterations.

13. On petition of John W. Haggett and fourteen others: To see if the town will vote to raise and appropriate the sum of \$1,000 for the purchase of fire equipment. Said sum to be expended by the fire department with the approval of the Selectmen.

14. On petition of Melton R. Sanborn and eleven others: To see if the town will vote to raise and appropriate the sum of \$150 for the use of a power grader, to improve the so called Brentwood Road in North Danville and so called Hawk Woods Road in Danville, to make them passable for the fire department, etc.

15. To see how much of the Parsonage Funds the town will vote to spend for preaching for the ensuing year.

16. To see if the town will vote to authorize the Selectmen to hire money for the use of the town.

17. To transact any other business that may legally come before the meeting.

18. To see if the town will vote to support United States membership in a general system of international cooperation, such as that proposed at the Dumbarton Oaks Conference, having police power to maintain the peace of the world.

Given under our hands and seal, this twenty-sixth day of February in the year of our Lord nineteen hundred and forty-five.

GEORGE W. SHATTUCK,
HARRY E. BURRILL,
BERNARD E. RUMERY,

Selectmen of Danville.

REPORT OF TRUSTEES OF DANVILLE PUBLIC LIBRARY

The trustees record their sense of loss in the death of Alfred B. Sargent, who for many years served as a trustee of the library. He gave to the library the interest and careful attention so characteristic of him. We gladly express our appreciation of his coöperative spirit and valuable service.

Mrs. John A. Young, after serving sixteen years as librarian, found it necessary to resign. Her unfailing good humor, friendliness and faithfulness merit the appreciation of the town. She will long be remembered for the service rendered.

Mrs. Robert Hicks was chosen librarian a year ago. Her wide reading, graciousness and readiness to assist, fit her admirably for the position.

Dr. Will C. Chappell was appointed to fill the unexpired term of Mr. Sargent.

The income from the Lester A. Colby Fund has enabled the trustees to purchase many more books each year than formerly. We have sought to provide for the needs of all classes of readers. Many of the best current books are being secured and much attention is given to the selection of juvenile works. The general approval of the books purchased and the increasing use of the library are most gratifying. The library is weak in non-fiction, and must continue so while the funds at our disposal are so limited. Fiction is most in demand but in the school year, historical novels and biographies are called for, for book reports. The average number of books taken out per week is about fifty, with about twenty-eight to thirty-five readers.

The younger readers, ages eight to fourteen, make up a goodly proportion of the library patrons.

One hundred and sixty-nine new books were purchased last year and one hundred and thirty-seven were discarded because of their poor condition.

A library is now operating in North Danville in the vacated school house. The stock of books owned, current periodicals and loans from the State and town libraries furnish a considerable selection for that part of the town. The trustees are Miss Edna G. Towle, Mrs. H. L. Sargent and Dr. W. C. Chappell. This library is open every Wednesday afternoon from two to four, in charge of Miss Towle.

Mrs. Alden D. Colby has kindly loaned to both libraries fifty contemporary works of fiction and non-fiction, besides giving several outright.

Mrs. McLean loaned four books.

There have also been ten other books donated.

Our hearty thanks are recorded in this formal report.

SUPERINTENDENT'S ANNUAL REPORT

February 1, 1945.

It is my privilege to submit my third annual report as Superintendent of your schools. The report includes a brief discussion of our objectives, a report of teachers employed, some of the more important improvements in the building, a brief discussion of the pupils' achievements, statistical reports and a music and health report.

Education in America continues despite the war which has caused a tremendous shortage of teachers and the curtailment of school supplies and equipment. Many people are sponsoring extravagant ideas as to what the postwar world and postwar education will be like. Although there will undoubtedly be some changes in organization of school units, curricula and methods of instruction, the fundamental principles of "Educating Youth for Citizenship" will remain the same. We continue to hold as our general objectives the well known Cardinal Principles of Education, namely: Health, Command of Fundamental Processes, Worthy Home Membership, Vocation, Citizenship, Worthy Use of Leisure Time and Ethical Character.

Our conception of *Training for Citizenship* will necessarily be broadened in that "Youths and adults are now faced with the requirement that they must be *world* citizens, their education must include an understanding of all people everywhere, and they must become expert in the ability to get along with others who possess different philosophies of life. — When the economy and society change direction or enlarge in scope, education, too, must change and enlarge for otherwise youth will be trained in the historical rather than the modern ways of life. We need an enlargement of the scope of education for youth to enable boys and girls to meet the demands of this new dynamic air age in which the whole world has become smaller than were the thirteen American colonies when public education first began."*

Participation in the War Effort:

During the three years since Pearl Harbor, American boys and girls have saved more than \$1,170,000,000 through purchase of war stamps and bonds. The children of Danville have, through their own efforts and those of their parents and teachers certainly done their part. Through the continuation of this good work, children have an opportunity to develop strong habits of thrift, civic responsibility and knowledge of war finance. They have also helped to further the war effort by collection of waste paper and milkweed pods. The latter project, sponsored by the government this past fall, has been for the purpose of accumulating milkweed floss to replace "kapok"—a material used in life belts and aviators' suits and which is no longer available because it came from what is now "enemy held territory."

Teachers:

The employment and retention of qualified teachers is one of the major problems now involved in the further maintenance of our objectives. Of the nation's 900,000 teachers, over one-third are new to their jobs. In this supervisory union of forty-three regular teachers, it has been necessary to employ fifty-three in the past two years. The chief reason for their leaving our area has been to secure more remunerative positions elsewhere.

*—Air-Age Educational Committee—American Association of School Administrators, November, 1944.

To teach in the upper grade room, Mrs. Rheta C. Tilton of Kingston and Plymouth Teachers' College was engaged to replace Miss Marguerite Relation who resigned last spring and who is now teaching in the Wilton area. Mrs. Tilton has an advantage in organizing several grades at once as she attended rural schools before going to high school and teachers' college. Miss Laura Sewall of Newmarket is teaching for the second year in the primary grades.

New modern text books have been purchased to replace obsolete and worn books as finances would permit. In the lower three grades, we have purchased new reading books and hope to continue with similar replacements in the intermediate grades during the coming year. Arithmetic and reading have been weak subjects during the past years as shown by standardized achievement tests; extra time is being allowed for bringing the children's knowledge of these subjects up to standard.

School Buildings:

In addition to other minor repairs made during the past summer, the toilet facilities in the boys' toilet were increased. During a recent inspection of the building by the administrative agent of the State Department of Education, the building was found to be in generally good condition but rather crowded for the present and expected enrollment. The school population in Danville seems to be getting large enough to warrant the use of another classroom and teacher.

We must not lose sight of the fact that our schools are essential to the well being of our country. The children of today will have much to say about what kind of world we live in tomorrow. They are the hope not only of America but of the world as well.

The following pupils as well as their parents, Mr. and Mrs. Oscar Duston, deserve special commendation for the perfect attendance records of the pupils as shown below for the school year 1943-1944, as well as for previous years.

In a discussion of Article nine of the School Warrant pertaining to the appropriation of \$1,000 for alterations of the second floor of the Eaton School to provide a third classroom, the following points might be considered along with others which might arise:

1. Over twenty-five pupils, in one room, divided into four or five grades is too large a group for any teacher to handle the most effectively.

2. From present enrollment figures and from what is anticipated in the next few years, there may be as many as eighty elementary pupils in Danville.

3. Aside from the improved instruction that the children would undoubtedly get in all grades, the amount of space per child would be more in keeping with the present school standards.

4. If the enrollment warranted the use of a third classroom, Danville's State Aid allotment would increase approximately as much as the expense of operating the third room including the salary of the teacher as well as the increased expense of books and supplies.

5. It is felt that the third room could be heated from the present furnace with some additional fuel.

To stimulate thought on an important problem which must be solved in the future, I wish to quote from a recent National Education Association publication pertaining to Compulsory Military Training:

"Seldom have the American people faced an issue in national policy which was freightened with greater possibilities for good or ill than one which confronts them today. That issue is whether at the close of this war we should inaugurate a program of compulsory military training, introduce some form of indirect training for military duty such as camping or a year of national service, or merely continue in the postwar period, with no *essential change*, the usual program of limited military training.

The issue is not only crucial but important. Already it has reached the halls of Congress, and is being discussed by many government officials and military leaders — including President Roosevelt and General Marshall. It is the theme of magazine articles, editorials, and sermons. It is becoming a frequent topic of general conversation. This is as it should be in a democracy. The people should set themselves with steadfast purpose to weigh the evidence and to choose intelligently the path we are to follow.”*

Your attention is directed to attached reports of the school nurse, Mrs. Constance Cooper and of the music supervisor, Miss Marion Foster, who replaced Miss Jean Beaton. Miss Beaton resigned after years of faithful service in this Union to accept a position as supervisor of music in Jewett City, Connecticut. Miss Foster of Dark Harbor, Maine, is a graduate of The New England Conservatory of Music and has had several years of successful experience in Maine and Connecticut.

In conclusion, I again wish to express my appreciation to the School Board, teachers, parents, pupils and other citizens for their continued coöperation in the accomplishment of our work.

Respectfully submitted,

JONATHAN A. OSGOOD,

Superintendent of Schools.

MUSIC

To the Superintendent and the School Board of Danville, New Hampshire, I hereby submit the annual report of the music department:

Public school music aims to create a love and appreciation of the beautiful in music; to so fill the lives of children with the best music of the ages as to offset any tendency toward the sordid and tawdry. It is taught also to provide a worthwhile means of using and enjoying leisure time and to develop a desire in children to play upon some instrument; to make continued use of their singing voices, to furnish a socializing influence by providing that unity of spirit which may come to groups of people singing or playing together. Music strives to give the child an experience which shall serve as an adequate background for the future artist or intelligent listener.

The aims of the music classes at the Eaton School are ear training, rhythm, correct posture, breathing and phrasing, tone and intonation — to cure all so-called monotones; good enunciation, attention and concentration, sight-reading — to coördinate eye, mind and muscles used in singing and the ear, and thereby learn to read music understandingly.

In grades five to eight inclusive, the ability to sing songs in two and three parts is developed. Through listening to the best records, music appreciation is acquired. Folk dancing is taught in all grades. The school is fortunate to have a good victrola and a library of good records which in time should be increased.

Respectfully submitted,

MARION W. FOSTER,

Supervisor of Music.
